## JAPANESE EXCHANGE

In February, we will host a few students from the Keio School in Tokyo. While they are here, they will attend Bolles classes and spend time with their host family – maybe yours! In June, a few Bolles students will travel to Tokyo to stay with their correspondent, eat delicious local cuisine, enjoy cultural experiences and attend specialty classes at the Keio School. If you are a Bolles student who is studying Japanese or who is interested in Japanese culture, please come to our informational meeting on Wednesday, September 28 to learn more about Bolles International Travel Programs!
